

**CONNECTICUT GRANT PROGRAM TO SUPPORT THE SERVICES OF  
LOCAL SUBSTANCE USE DISORDER PREVENTION  
(LOCAL PREVENTION COUNCILS)**

**2022 - 2023**

**I. Background and Purpose**

The CT Department of Mental Health and Addiction Services’ (DMHAS) Prevention and Health Promotion Division, in collaboration with the Regional Behavioral Health Action Organizations (RBHAOs), annually funds over 150 community-based Local Prevention Councils (LPCs). These community-based coalitions build local capacity to plan and implement substance use/misuse prevention strategies to reduce problem behaviors and associated negative outcomes for all ages.

**II. Grant Requirements**

**A. The Local Prevention Council**

A LPC must be established to lead this grant. LPCs bring together a diverse group of community key stakeholders who represent multiple sectors including, but not limited to: businesses, health and behavioral healthcare, schools (private/public), local government, youth serving organizations, civic groups, and others (see below). LPC members work collaboratively on the identified problem substance priorities. LPC membership should strive to include at minimum the sectors noted in the wheel below.

- *Experienced LPCs* should review membership and identify what expertise and resources are needed to implement strategies to address the priority substance problems.
- *New/Novice LPCs* must first focus on building coalition capacity through identification and engagement of key stakeholders to join the LPC. Then they may begin addressing the statewide and local priority substance problems.

**B. The Strategic Prevention Framework**

The federal Substance Abuse Mental Health Services Administration’s (SAMHSA) [Strategic Prevention Framework](#) (SPF) guides all DMHAS’ Prevention and Health Promotion Division initiatives to ensure data-driven decision making, planning, implementation, and continuous improvement to best address existing needs and gaps whether across the state, in a region or community, a specific setting, or of a particular population. All funded initiatives must utilize the SPF model, which is comprised of five elements: needs assessments, capacity building, planning, implementing evidenced based strategies, monitoring and evaluation, and also accounts for sustainability and cultural sensitivity to meet the

unique needs of prioritized populations and communities. The RBHAOs provide support and guidance on use of the SPF to the LPCs.

**C. Priority Problem Substance**

**Statewide Priority Problem Substance: Vaping**

Since the 2019 RBHAOs priority reports, vaping of various substances has been identified as an emerging problem of concern among youth statewide. It has proliferated, leaving schools, communities and families struggling to address the problem. In the upcoming funding cycle, RBHAOs will continue to support LPC implementation of vaping prevention strategies to achieve reductions in youth vaping and prevent misuse and addiction. Therefore, here are the Goals pertaining to Vaping:

- Goal 1: Reduce vaping use rates by 5% by 2025 among 12-18 year-olds by targeting related risk and protective factors.
- Goal 2: Increase public awareness of vaping risks and prevention.

**D. Deliverables**

- Recipients are required to collect service data and submit reports on December 15, April 15, and final report July 31<sup>st</sup> at the end of the funding period, using forms provided by the RBHAO.
- Participate in a mid – year check- in by January 31st with RBHAO.
- Projects must focus on two or more of the six strategies. ***Intervention and Treatment services will not be considered for funding.***
- The LPC will participate in the RBHAO priority planning process, and shall utilize recommendations from the 2021 Regional Priority Report that is posted [here](#).
- Participate in RBHAO meetings and learning opportunities.

- Hold a minimum of four LPC meetings per funding period.
- Work-plan to be approved by the RBHAO.

#### E. Expectations

- Required activities at minimum must include information dissemination and capacity-building strategies, including assessment, identified by asterisks and bold in Appendix C.
- Provide an itemized budget of expenses that you expect to incur in the implementation of your projects. This budget should show exactly what requested dollars will purchase. Administrative is up to 15%, and not allowed to support direct services.
- Allowable expenses may include materials/ supplies, equipment rentals, food expenses cannot be more than 5% of the total budget for the entire funding period.

#### F. Eligible Applicants

In order to be eligible for this LPC grant, applicants must:

- Be a municipal-based office or partnering community-based organization as the designee. Designee must have the application signed by the official signatory of the municipality (town manager, finance director, Mayor / First Selectman).
- If partnering with a community-based organization (CBO), the LPC must have a town representative in good standing to ensure town commitment and capacity development (examples of appropriate town representatives can be human services, youth services, health departments, school district level, town leadership).
- Towns may submit collaborative applications with other municipalities. If two or more towns choose to apply jointly, an award equal to the total of the individual town allocations will be made. Joint applications must include the following:
  - Letters of collaborations and commitment from the chief elected official of each town involved; and a clearly defined fiduciary.
  - Clear indication of the town (or agency, or organization) that will be the recipient of the contract.
  - Designated town office representative assigned to the coalition from each collaborating town to ensure communication of LPC deliverables.

#### G. Budget Requirements & Limitations

- The awards for the *Statewide Priority Problem Substance: Vaping* will range from \$2,265.16 to \$10,356.82 per community based on population (US Census 2013). See Appendix A.
- Allowable administrative costs may not exceed 15% of total funding.
- *Direct vs. Indirect: Direct* is usually- salary, fringe, office supplies, equipment needed to provide services (e.g. computer, software), print materials, local travel, postage. *Indirect* is typically a percentage applied to the direct that includes overhead like telephone and rent.
- Any contractor reimbursement should be guided by government reimbursement rates for CT located here: [https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/salary-tables/pdf/2021/NY\\_h.pdf](https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/salary-tables/pdf/2021/NY_h.pdf) . These are the hourly rates, and a contractor cannot exceed the highest hourly rate.
- Per person honorariums are not to exceed \$500.00.
- Allowable program expenses may include materials/ supplies, equipment rentals, and programmatic food expenses; however, food expenses may not exceed more than 5% of the total budget for the entire funding period.

- Direct services for intervention or treatment are not allowed.
- Receipts must be maintained as you may need to submit them upon request.

**H. Key Dates**

- The application package is due by *noon on October 15, 2022*. Extensions will be negotiated upon request to the RBHAO. Applications may also be submitted prior to the due date.
- Applications will be reviewed by the RBHAO within *14 business days*. The RBHAO will review all the applications and negotiations will occur with applicants as needed.
- For the purpose of developing the workplan, the implementation start date should be *14 business days following application submission through June 30, 2023*.
- All funds must be expended by *June 30, 2023*.

**I. General Instructions**

- Applications should be developed with LPC member input.
- Complete all items using only the Funding Application Form.
- The application package must be submitted electronically.
- If two or more towns apply jointly, submit only one application.

Appendix A: Grant Award Amounts

Grant awards are contingent upon the availability of funds.

**Instructions For Submitting Funding Application Grant Program  
To Support Local Prevention Councils**

**Appendix C: Prevention Strategies and Service Type Codes**

- **Alternative Activities: STA**
- **Capacity Building: STC**
- **Education: STE**
- **Information Dissemination: STN**
- **Environmental Strategies: STV**

**Note: \*Bold items are required activities**

Service Type	Code	Definition	Count Method	Suggested Activities
Youth/Adult Leadership Function	STA07	This is a structured, prevention service that uses adults to provide guidance, support, and other risk reduction activities for youth or adults.	Number of participants	Examples are tutoring programs; coaching activities; mentoring programs; and adult-led youth groups.
Accessing Services and Funding	STC01	This service increases or improves the prevention or health promotion capacity of a community by developing resources to support services.
